Part III DETAILED ACTION

1. Claims 26-51 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 26, lines 13-14, "said television camera structures" lacks proper antecedent basis.

In claim 26, line 15, it is not clear as to which of the plurality of television display structures (line 9) is considered as "said television display structures".

In claim 26, line 15, "said central location" lacks proper antecedent basis.

In claim 26, lines 23-24, "said remote station" lacks proper antecedent basis.

In claim 26, line 24, "said audio response unit" lacks proper antecedent basis.

In claim 27, it is not clear as to which of the plurality of television display structures (claim 26, line 9) is considered as "said television display structures".
